## **Practicality Brown Tree Stock List**

Swan Road, Iver, Bucks. SL0 9LA.

01753 652022

trees@pracbrown.co.uk

www.pracbrown.co.uk

### **Nursery Visits**

We would be delighted to guide you around our nursery in Iver, Buckinghamshire to view our Practical Instant Hedge™ and see our extensive range of pleached and screening trees listed below.

The nursery is located near to M4, M25 and M40 junctions, about 6 miles from Heathrow Airport and 15 miles from London. Just 1 mile from Iver Station, with trains from London Paddington.

We are open for nursery visits 9am - 3pm, Monday to Friday. Please call us on 01753 652022 to book a nursery visit and we will ensure we have an expert on hand to show you around. We also recommend bringing pictures and measurements (particularly of access) as well as a description of your soil type so that we can give you the right advice specific to your enquiry.

We are a working nursery that grow our trees in containers and instant hedge in trough bags. From time to time, the weather, particularly, heavy rain, can make our nursery muddy. We suggest that you bring suitable footwear, and dress comfortably for viewing an outdoor environment.

### **Availability List**

The list below contains the trees that we currently have in stock at our nursery in Iver, Bucks. This list is accurate at the time of publishing, stock situations can change quickly so please get in touch to receive a quotation for supply.

All products at our nursery are offered subject to prior sale.

The prices on this list are ex-nursery Iver and are valid for 30 days from today's date. E&OE. A 20% discount will be applied to ex VAT orders of trees worth a total of £3000 or more.

The discount applies to the tree stock value of the order only, not to delivery and planting etc.

### **Delivery**

We deliver nationwide by our transport network and delivery is offered at cost. Lead time for trees in stock is normally within 1 working week of receipt of payment.

### **Key for the list below**

**Standard** - Tree with a single clear stem or trunk at least 1.8m, but can be bigger.

**¾ Standard** - Tree with a single clear stem or trunk less than 1.5-1.7m from the base of the tree to the foliage.

**½ Standard** - Tree with single clear stem or trunk 1.2-1.5m from the base of the tree to the foliage.

**Pleached** - Trees with a clear stem that have been trained to form a stunning screen of branches and foliage on a single straight stem. They are trained onto frames of varying sizes.

**Multi-stem** - Tree grown from early age to have 2 or more main stems, from the same root.

---

**Feathered** - Tree with single stem but the branches and foliage start from the base of the tree

**Element** - Shrubs which are grown to form branches from the base of the stem and are often pruned into a square column.

**Topiary** - Tree that has been grown and pruned into a decorative shape

**Ball head** - Tree that has been trained and pruned into a ball shape on a clear stem.

**Girth** - This is an industry standard measurement and is the circumference of the tree trunk measured in the main 1m up the stem.

**Height** - We use the term overall height although trees will be growing and undergo maintenance whilst in our care which will involve pruning so this height can change. Overall height is measured from the trees soil level to the top of the tree canopy and should be used as a guide

**Spread** - A guide to the spread of the canopy of the tree and trees will undergo maintenance whilst in our care which can involve pruning so this can change.
